«Hero»

.fen releases his new single
First song from a new eponymous album to come

"We all need a Hero", this heady chorus takes you to the guts so much, it speaks to you, it touches you. In these difficult times, we all need "our" Hero.

For one, it will be his father, his friend and for others the next-door neighbor, or the hand, the smile of a complete stranger.

Less than 2 years after the release of the album "Life Is So Beautiful", .fen is back with "Hero", a new totally successful pop soul opus.

"Life Is So Beautiful" had a great success on the platforms by generating more than **5 million streams and views**, and several singles appreciated by many radio stations. Both in **Belgium** and in **France**, such as "Proud", "Give An Answer", "Open Your Eyes". While remaining naturally in line with previous singles, .fen is clearly stepping up a gear with "Hero".

With its catchy chorus, its soul rhythm, its powerful back vocals and its gleaming brass, "Hero" slams, shines and seduces in the moment.

To succeed in this goldsmith's work, both vintage and current, .fen has once again worked with one of the best Musical Directors in Belgium: **Babl Lemmens**, musician and arranger renowned of the country.

After a year of collaboration and hard work, this new opus promises to be richer and more ambitious than ever.

Deeply **sincere** and **positive**, "Hero" by .fen is above all a call for **happiness, mutual aid and authenticity!**
